OUR SERVICES

Our platform offers an all-in-one solution that provides comprehensive protection for signers, notary publics, and government agencies. With a wide range of features and functionalities, our system ensures efficiency, security, and seamless collaboration among notaries.

Unlimited Remote Online Notarization

Conduct remote notarizations with ease and convenience, enabling signers to access notary services from anywhere, anytime.

National Document Vault

Safely store and manage important documents, ensuring easy retrieval and secure access when needed.

Personal Notarial Electronic Journal

Maintain a digital record of notarial acts performed, enhancing transparency and accountability.

National Database of Notarial Acts

Establish a centralized repository of notarization records, facilitating easy verification by signers, third parties, and government agencies.

Verification of Identification

Validate the identity of signers through robust verification processes, reducing the risk of fraudulent activities.

Verification of Notarial Acts by Third Parties

Enable authorized third parties to verify the authenticity and validity of notarizations for added trust and reliability.

Directory between Notaries

Foster collaboration and communication among notaries, creating a network where information and expertise can be shared.

Secure Data Transfer

Ensure the confidentiality and integrity of data exchanged within the platform, employing state-of-the-art encryption and security measures.

Printing of Loose Certificates

Generate and print notarial certificates with unique identifiers, providing tangible proof of authentication.

Capturing of Signature and Thumbprint

Capture the signer's signature and thumbprint digitally, adding an extra layer of verification and protection against fraud.

Direct Updates

Receive timely updates and notifications related to industry regulations, news, and best practices, enabling notaries to stay informed and compliant.

Warnings of Stolen/Fake Identities

Detect and alert users about potential stolen or fake identities, ensuring the integrity of the notarization process.

Personal Calendar

Maintain an organized schedule of appointments and tasks, enhancing productivity and efficiency in managing notarial services.

Income and Statistics

Track and analyze income and performance statistics, providing insights for business growth and optimization.

Law / News / Courses

Access legal resources, industry news, and educational courses, promoting continuous professional development and knowledge enhancement.

Manuals and Tips

Access comprehensive manuals and useful tips for notarial practices, offering guidance and support for optimal service delivery.

High Security

Employ robust security measures to protect sensitive data, ensuring compliance with industry standards and regulations.

Support

Receive dedicated customer support to address any queries or issues, ensuring a smooth and seamless user experience.

Terminal

Lets notaries set prices, invoice customers, and charge cards directly. With customizable fees and services, it offers convenience and flexibility. Simply input card details or send an invoice to get paid.

National Closing Center

(NCC) allows title companies, lenders, and law firms to place closing orders directly to notaries and coordinate everything through the platform, including scans and payments.
